

HAIR PREP GUIDE

Hi beautiful! I'm so excited for you to have this resource! I created this guide to help you prepare for your hair appointment, because the better you prep, the better your results!

WHAT TO EXPECT

Every appointment is booked with dedicated time for your consult, color, tone, wash, and/or extension install. I never double book or rush. Please plan accordingly: blonding services run 3-4 hours, root touchups 1-2 hours, and extension installs 2-3 hours. Great hair takes time, and you're worth it!

HAIR PREP

Please arrive with your hair freshly washed and dried hair. No wax, strong-hold hairspray, gel, dry shampoo, or excess oil. Seeing your natural, everyday hair helps me design a look that's completely custom to you!

WHAT TO BRING

Water and snacks are on me! If you have dietary restrictions, feel free to bring your own. And if you have work, meetings, or just want to relax! Laptops, books, and headphones are always welcome!

HAIR PREP GUIDE

WHAT TO WEAR

Solid, neutral colors are always a great choice, especially since we love capturing your final look! You'll be caped and toweled throughout your service, but keep in mind that color is permanent. We'd hate for anything to happen to your favorite top, so save that for after your appointment!

LOCAL FAVORITES

Arrived early? The Harbor shopping plaza has you covered! Grab a bite at Pura Vida or Living Green across the street, coffee at Press & Grind or Starbucks inside Publix, or pop into TJ Maxx for some shopping!

PAYMENT & CANCELLATIONS

Payment is accepted via Zelle, Venmo, card or cash. Tips are never expected but always appreciated! For card payments, a 3% fee is added to total. If you need to cancel or reschedule your appointment, please do so at least 48 hours in advance. Retainers are not refundable.

With love,

Ashlee Noriega
