LUXURY PROPOSALS

Proposal Films

Capture and eternalize your proposal and your partner's reaction in a 2-3 minute highlight film. Before the proposal, we'll thoroughly discuss your proposal plan and exact location so I can properly record every aspect of the proposal. If you plan on reciting some words when you propose, I recommend we secrely meet up shortly before the proposal (before meeting up with your partner) so I can attach a small lavalier microphone to your shirt/jacket, if possible, in order to capture a crisp, clean audio recording of your words.

Tips for Planning the Perfect Proposal

1. Preparation

The key to capturing a proposal without a hitch is preparation! Before your proposal, we will thoroughly discuss your plan and the exact location you will be proposing, using maps, GPS coordinates, diagrams, or reference photos, if necessary.

2. The element of surprise

The best way to get your partner to the proposal location on time without spoiling the surprise is to a "anchor" it to a plausible occasion, such as a restaurant reservation, an event, show, party, etc. Many of my clients let their partner know about the event ahead of time, put it on their calendar, etc. so that no other plans are made for that day. (Bonus perk: this will give your partner an occasion to get dressed up without being suspicious!)

3. Communication

On the day of the proposal, I will ask you to text me what the two of you are wearing, so I can more easily find you. If you have an iPhone, you can also share your location with me, allowing me to track your movements as you approach the location. We will stay in touch leading up to the proposal to ensure that the plan unfolds smoothly. (Be sure to keep your phone hidden from your partner so the surprise isn't spoiled.)

4. Soak it all in!

When the moment arrives, I will be "hiding in plain sight", ready to go. Once you get to the agreed-upon spot, "the floor is all yours"! Speak from the heart and enjoy the moment. When you get down on one knee, take your time and don't rush through it – this allows your partner to really soak in the moment and allows me to capture the moment thoroughly and from multiple angles. After you place the ring on your partner's finger and have a private moment, I will introduce myself and we will take some celebratory photos!
