WEDDING PLANNING

TD Events

From the moment you book, you'll have unlimited access to us — calls, emails, and three in-person meetings whenever you need guidance. We'll help you choose amazing vendors and start shaping the flow of your day.

About 2–3 months before the wedding, we'll sit down together for a dedicated timeline meeting, where we map out every detail. You'll receive a beautifully organized wedding-day schedule, and we'll send it to all your vendors so everyone is on the same page.

We run your rehearsal, make sure your wedding party knows exactly what to do, and take responsibility for timeline distribution.

On your wedding day, our team is there from start to finish. We oversee setup at both locations, style all your personal details, run the ceremony, get your guests where they need to be, keep your vendors on track, and ensure every moment flows seamlessly.

At the end of the night, we'll gather your cards, gifts, and décor into a safe spot and pass out any final payments and tips.

Simply put: you enjoy your day, and we handle everything else.

We stay as long as needed with unlimited hours, supported by 1 lead planner and 1 assistants.

DJ SERVICES

Vox DJ

A professional DJ/MC for 5-8 hours of performance time

Audio Equipment for up to 3 separate spaces (Ceremony, Cocktail Hour, and Reception)

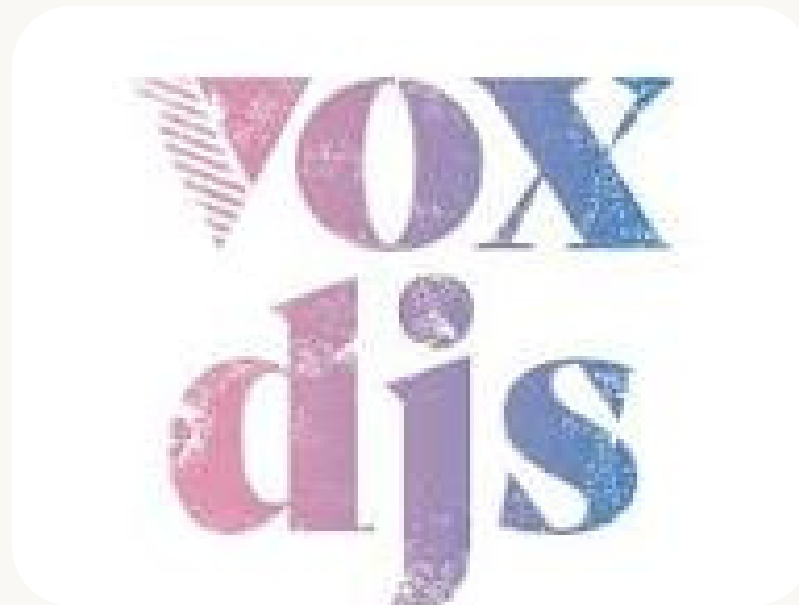

1-on-1 meeting with your DJ/MC to create your customized experience of Song Selections/Requests, Announcements, and overall vibe

Back up gear and on-call warehouse team, so you can feel secure that the show goes on no matter what

Account Manager to answer any questions, so that you always get a response right away

Choice of Black or White Speaker Coverings and Dance Lighting

Liability insurance to cover any incidentals, so you can relax on your Big Day!
