Album Design

I use a luxury album company called Graphistudio.

The most popular option is the **Magnolia Album**—minimal, timeless, and customizable from 10 to 110 pages.

I've attached in our previous email a sample image and a PDF with all the texture, size, stitching, and color options. If anyone else has questions, just let me know!

Film A La Carte

- $350 for 5 rolls
- $75 per additional roll
