**FEBRUARY 2026
NEWS LETTER**

Lunar New Year Celebration

February was a joyful and heartwarming month at TIA, filled with celebration, connection, and continued achievements. The school community came together to mark the Lunar New Year, embracing cultural traditions and sharing in the spirit of renewal and good fortune. Students enjoyed festive decorations and activities that highlighted the richness and diversity of this important holiday.

TORONTO INTERNATIONAL ACADEMY

Student Valentine Event

Valentine's Day brought even more excitement to campus with our popular Secret Valentine event. Students had the opportunity to send chocolates, messages, and thoughtful surprises to friends and classmates through our "Love Delivery" initiative. The day was filled with smiles, laughter, and a strong sense of community as acts of kindness were shared throughout the school.

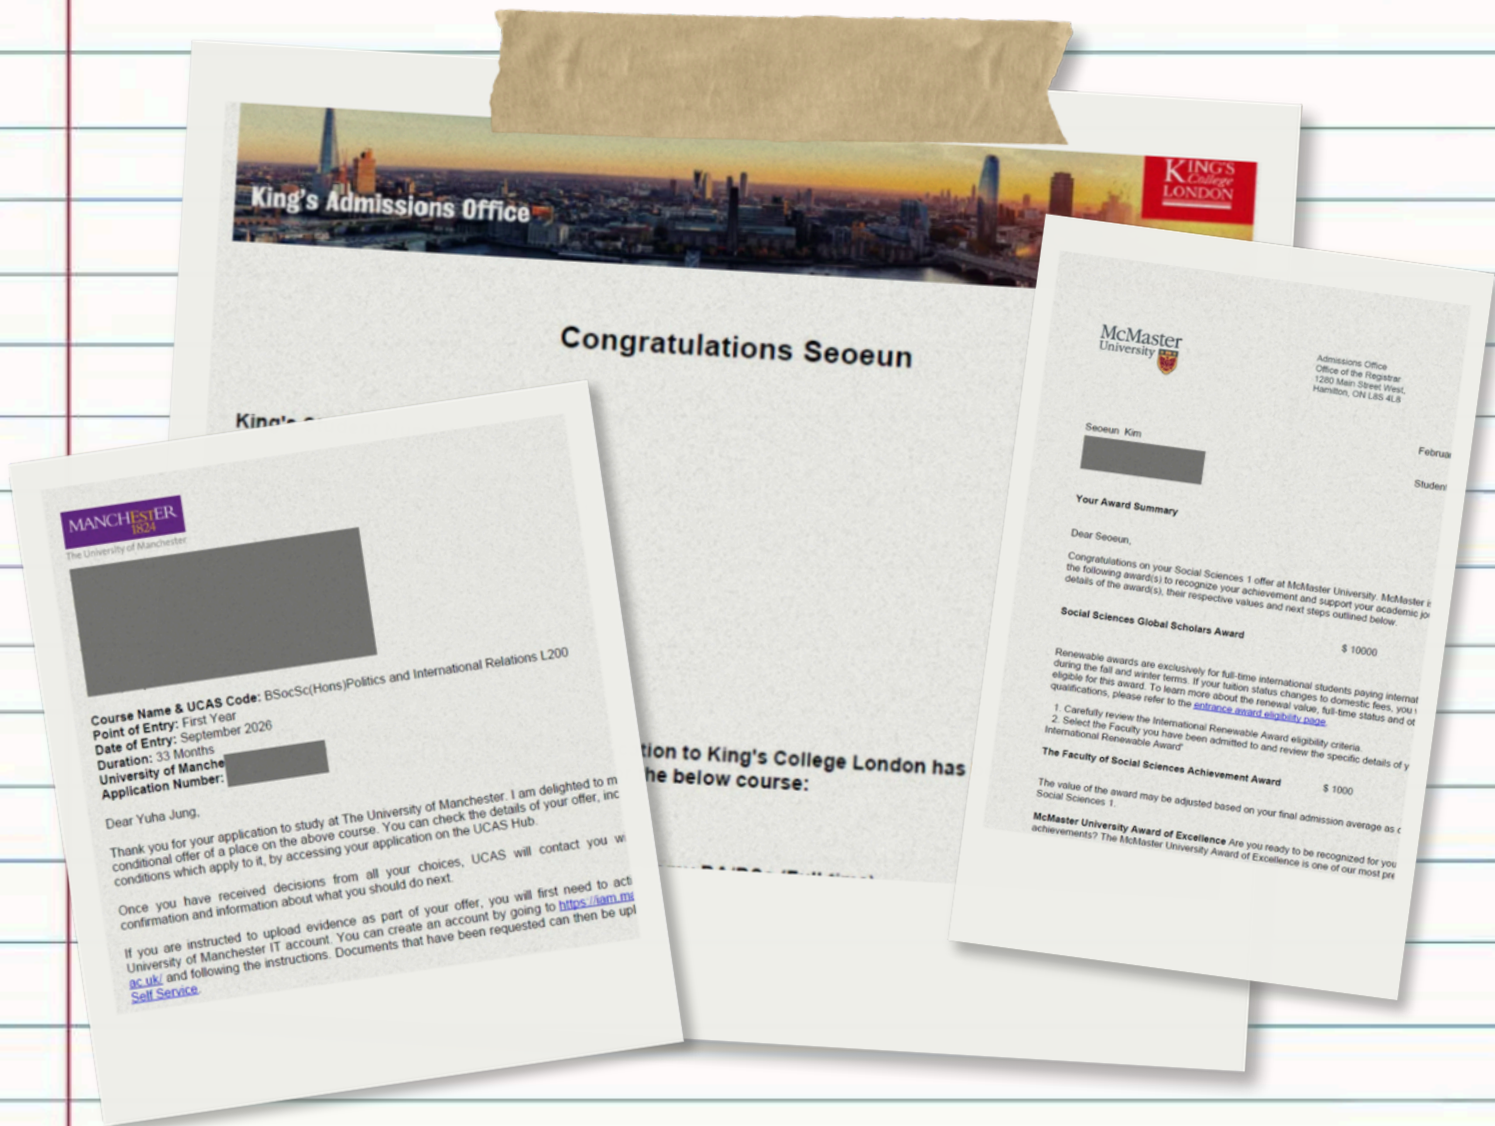

Yearbook Committee

Another exciting development this month was the establishment of the school yearbook committee. Students began collaborating to design and organize this year's yearbook, capturing memorable moments and milestones from across the school year. This initiative not only encourages creativity but also helps preserve lasting memories for the entire TIA community.

Alumni Visiting TIA

We were also delighted to welcome alumni back to campus this month. Former students returned to visit their teachers and reconnect with the school, sharing their experiences and offering encouragement to current students. Their stories provided valuable perspective and inspiration for those preparing for their own future journeys.

University Offers Arrive

In addition to application support, the school also hosted small group workshops and one-on-one sessions focused on personal statement writing, program selection, and interview preparation. These sessions gave students greater confidence and clarity as they planned their next steps beyond high school.
