Floral Preservation Service Collection:

Our technique uses drying, pressing, color correction and framing to preserve your fresh floral bouquet starting at \$350

Below is a list of our pressed flower framed pieces:

Large Bouquet(pressed in its entire original form) in a 16 x 20 premium frame chose rectangular or oval with matte \$700

Floating Frame 16 x 20 \$765

Pressed medium bouquet in 14 X 18 premium frame with matte \$600 or floating for \$665 (best seller)

Floating frame (flowers float between two pieces of glass in a frame, no matte)

Customized options and smaller sizes are available upon request (starting price \$350)

Frames come in black, gold, silver, bronze, white, clear acrylic, and natural wood. We also custom order and build frames in sizes to suit your design needs.

Former clients that did not originally preserve the week after their wedding have options too!

If you want focal flowers from your bridal bouquet that give a good representation of it, the cost is 50% of your bridal bouquet price plus the price of your preservation piece. A 14 x 18 frame is a good size for this option.

Add on Resin Pieces

Key chains \$30

Coasters set of 4 \$50

Ornament with year of anniversary \$30

Ceramic Ring dish with focal flower in resin \$55

The process:

Step 1. Reserve our preservation services with a deposit of \$200. This can be added to your wedding floral invoice or paid separately.

Preservation begins when we receive your flowers and takes approximately 4-8 weeks for the flowers to dry in the presses

Step 2. Design consultation, frame selection, and flower layout (payment 2 is due) Can be done in person at our studio or via video chat

Step 3. Production and completion. The finished piece is ready 2-5 months after your design consultation.

(final payment due before pick up) We will ship or deliver for an extra fee.

Our process typically takes 2-5 months from booking to finished product, depending on the season.
