

Teacher & Catechist

In this learning pathway, you will dive into hands-on sessions packed with practical strategies for ethical, human-centered AI use (for all skill levels), student engagement, innovation, wellbeing, productivity, and more, so that you can confidently use technology to create impactful learning experiences in all academic and religious education settings.

These sessions are for you if you...

- ✓ **Serve in a teacher or catechist role**
- ✓ **Want to get started with AI and use it safely and effectively**
- ✓ **Want to save more time so you can focus on what matters most**
