ZSOLT GRANITE'S SEAM

INDUSTRY STANDARD SEAM

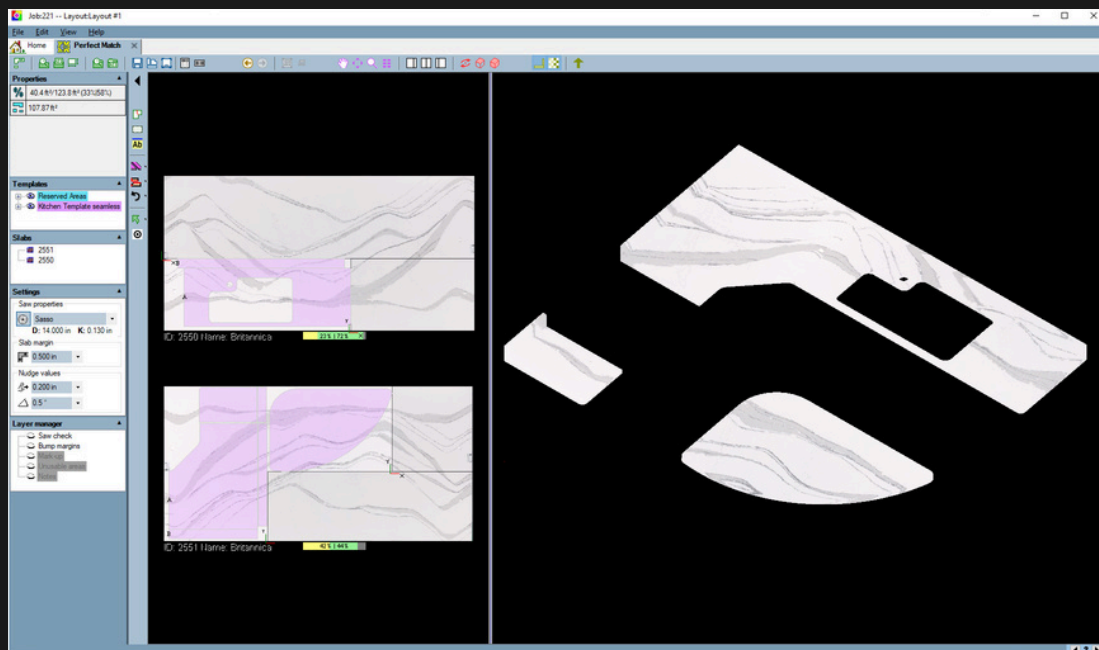

03 DIGITAL TEMPLATES

Our advanced laser templating technology captures **up to 50 measurements every second**, providing far greater accuracy than traditional stick templates.

04 DIGITAL LAYOUTS

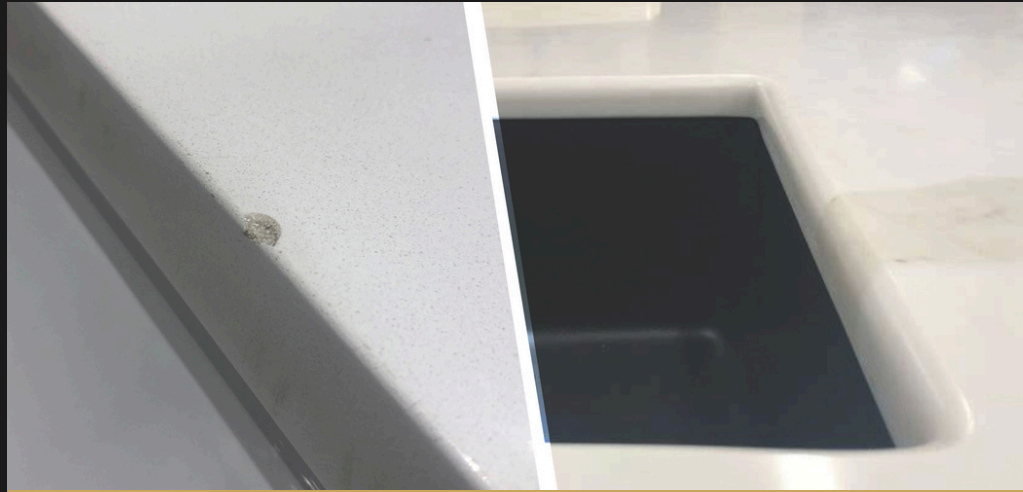

We bring your project to life with digital layouts, giving you a **clear visual** of your selected materials so you can plan with confidence.

05

CHIP MINIMIZER

Our Chip Minimizer is a **rounded edge on the inside perimeter of your sink cutout**. This rounded edge reduces the risk of the inner perimeter of your sink chipping. Chips on the inside edge of your sink are quite common and are caused by banging or hitting cookware on the cutout itself.

ROUNDED EDGE • LESS RISK • BEAUTIFUL RESULTS
