**TBC Video Policy**

In consideration of our event's proximity to *The Open* and to protect the artistic work of our performers, **Tampa Bay Classic enforces a strict No-Video Policy** for all routine divisions.
This applies to *all* choreography-based divisions, including but not limited to:

- **Pro-Am**
- **Rising Star**
- **Sophisticated**
- **Classic**
- **Showcase**

**No exceptions will be made**, even with permission from the performers.

**Official Videography**
Professional videography is provided for all routines.

Competitors will receive copies of their performances — both **with and without commentary** — by **end of day Sunday**.

**Enforcement**
Attendees who record routine divisions in violation of this policy will be **asked to leave the event without refund**.

**Social Media Sharing**
TBC welcomes and encourages dancers to share their *official* videos on social media. Please **tag Tampa Bay Classic's official social accounts**, and when possible, **offer and accept collaborations with TBC**. We will not be posting any routine video until after The Open.
