YOUR GUIDE TO: COST

The Birth Center

BOZEMAN, MT

DO YOU ACCEPT MY INSURANCE?

Maybe! We accept insurance when your plan includes benefits for licensed midwifery care and birth center and/or home birth services. Coverage must be verified through our billing service before beginning care. Send us your insurance card and our billing team will verify your benefits and provide an estimate of your anticipated out-of-pocket responsibility.

CAN I USE MY HSA OR FSA?

We accept HSA and FSA payments when eligible under your plan. Because plans vary, check with your HSA or FSA provider to confirm that midwifery care, home birth, and birth center services qualify as eligible expenses.

WHAT ABOUT HEALTHSHARE?

We're happy to work with many HealthShare ministries, including Christian Healthcare Ministries (CHM), Samaritan Ministries, and Zion HealthShare. Let us know at your intake so we can discuss the documentation and billing process for your plan.

DO YOU ACCEPT MEDICAID?

Yes! We accept Montana Medicaid for eligible services. Medicaid provides coverage for maternity care provided by licensed direct-entry midwives, including prenatal, birth, and postpartum services. Coverage depends on your eligibility and the services provided, so we'll verify your coverage and help you understand what is covered before beginning care.

LET'S TALK NUMBERS...

- 1 Our global fee for midwifery care is \$8,200 for either birth center or home birth. A \$500 non-refundable deposit is due at your intake visit and is applied toward your total fee.
- 2 Pay in full by your second visit and receive a \$500 discount. This discount is not available for families beginning care after 28 weeks. Otherwise, you'll make payments throughout pregnancy, with your balance due in full by 36 weeks.
- 3 Using insurance? Your benefits verification will estimate your deductible, coinsurance, copay, and anticipated out-of-pocket responsibility. This is only an estimate; your insurance company ultimately determines coverage and reimbursement.
- 4 Because insurance claims cannot be submitted until your care is complete, your balance with Jubilee is still due by 36 weeks. After postpartum care is complete, we'll submit eligible services to your insurance company. Most claims are processed within 30-90 days, and any eligible reimbursement will be processed after your claim is finalized.

Ready to get started?

Use our contact form to get in touch and start the process. You can also send a photo or copy of your insurance card to hello@bozemanbirthcenter.com
