- Help run the IST & Data team meetings
- Maintain documentation on student caseloads at MCS
- Provide one-on-one and small group instruction to support students in achieving academic success.
- Collaborate with classroom teachers to adapt curriculum and teaching methods to accommodate diverse learners.
- Conduct assessments to monitor student progress and identify areas requiring additional support.
- Foster a nurturing environment that promotes confidence and independence in learning.
- Communicate regularly with parents and guardians to provide updates on student progress and strategies for support at home.
- Helps facilitate benchmark assessments and progress monitoring
- Maintain documentation for local school district IEP, evaluation reports and re-evaluation timelines. Schedule meetings with parents and record information from Integrated Support Team (IST) meetings.
- Advocate for students with learning needs and ensure they are fully included in the life of the school.
- Maintain accurate records and documentation in compliance with school policies and state regulations.
- Consistent collaboration with the building Principal to discuss student support servicing.
- Develop intervention plans and assess performance during the intervention time frame.

Qualifications:

- Bachelor's degree in Special Education, Education, or a related field.

- State teaching certification in Special Education or a related area. ACSI certification is also acceptable.
- Demonstrated faith in Jesus Christ and agreement with the school's statement of faith.
- Experience working with students with learning differences, including behavioral health.
- Strong communication, organizational, and problem-solving skills.
- Familiarity with assistive technology and evidence-based teaching strategies.
- A commitment to fostering a Christ-centered learning environment
- Ability to read and interpret data
- Highly organized, efficient and detail oriented
- Ability to work collaboratively with staff, students, and parents.

Preferred Skills:

- Knowledge of multi-sensory teaching techniques.
- Experience with educational assessments, creating and interpreting IEP's and experience leading Student Support Meetings
