The *Wedding* Experience

HI! I'M
abigael

First of all, thank you for being here. I know choosing a wedding photographer is a big decision, and it means the world to me that you're considering me to document such an important day.

My photography style is a mix of candid storytelling and natural guidance. I want your photos to feel like you—not overly posed or stiff, but genuine, joyful, and full of life. The big moments matter, of course, but I also love the in-between moments: the tears from your mom while you're getting ready, the way your partner looks at you during the ceremony, and the hugs, laughs, and happy chaos that make your wedding day uniquely yours.

My goal is for you to be fully present on your wedding day. I'll step in when you need direction, but I'll also know when to step back and let moments unfold naturally. I want you to spend your day celebrating with the people you love, not worrying about the camera.

When I'm not taking photos, you'll probably find me helping with your dress, fixing a boutonniere, fluffing your train, keeping us on timeline, or crying during your vows right alongside your family.

At the end of the day, I want you to have more than beautiful photos. I want you to have memories that bring you right back to how it all felt. I can't wait to celebrate with you.

xo, abi
