hey there

Hey there, and congratulations — you're getting married!

This season is full of joy, anticipation, and big decisions, and I'm so honored you're considering me to be part of it. Your wedding day isn't just about the details (though I'll definitely capture those too!), it's about you two. The laughter, the quiet glances, the joyful chaos, and everything in between.

My role is more than just taking photos. I'm here to be a calming guide, a helpful hand, and a thoughtful storyteller. From the first email to the final gallery, you'll have a partner who's invested in your vision and passionate about documenting your love in a way that feels authentic, timeless, and true to you.

This guide is here to walk you through collection info, and how I can best serve you. Let's make your day unforgettable, not just for you, but for the generations who will see your love story unfold in every frame.

Jamie

WHAT TO EXPECT

my style

My photography style is bright, true-to-life, and full of color. A timeless look that feels as vibrant and authentic as the moments themselves. I focus on capturing real connection and genuine emotion, creating images that won't go out of style and will still feel like you decades from now.

Your wedding photos are more than just pretty pictures, they're a legacy of love to pass down through generations. I believe in capturing the kind of moments your future grandchildren will hold in their hands and feel the joy you lived.

I'll Guide You

Most people feel a little awkward in front of the camera (you're not alone!), which is why I don't expect you to know what to do. I'm there to guide you, help you feel confident, and create space for real moments to unfold naturally. Think direction when needed, freedom when it counts. All so you can relax, be yourselves, and trust that it's going to look amazing. You bring the love. I'll take care of the rest.

KIND WORDS

"Jamie was perfect to work with! She did my engagement and wedding photos. Jamie communicated well and provided resources to us so we would know what to expect for taking photos. Jamie took her time getting to know us and captured our big day perfectly! I told her we wanted as many candid moments captured and she did that and more."

Brittany & Pat

"My guests have even told me that she is one of the best wedding photographers that they have ever seen! She captured all the genuine moments and made us feel at ease with posing. Jamie goes above and beyond being a wedding photographer."

Amy & Mike

"Jamie is the best! She helped us capture our wedding day with such attention to detail and magic. She's so lovely to work with, and made us feel completely comfortable, listened to what we wanted, and had such a creative eye for shots. We could not be happier, and it's so much fun to relive the moments through her lens. Highly recommend for your special day!!"

Molly & Jake

"She's a confidence booster... My wedding was completely stress free and I wasn't a bit worried that Jamie wouldn't capture all the things I wanted."

Justine & Fern

Do you bring a second photographer?

Whether you want a second photographer is entirely up to you. I shoot many of weddings solo. I'm very confident in my ability to capture most typical wedding days on my own. There are definitely advantages to having two photographers. A second photographer is required for videography coverage.

How will we receive our photos?

You will receive your photos and video via an online gallery. The online gallery will be easily accessible for you and your family/friends to download from. Galleries are sorted into folders to make viewing parts of your day my convenient.

Are you willing to travel?

Definitely! Travel fees are applied if I'm going over 60 miles, which is charged both ways. Destinations that exceed two hours driving time each way may require overnight accommodations. Please inquire.

How Do I Book A Date?

A \$1,000 retainer & signed contract is required in order to get your wedding on the calendar. The remainder of your balance is due one month prior to your wedding. As most couples tend to have their wedding on a Saturday these are the days that book out the quickest.
