FlyTime Adaptive Fitness at MN Flyers!

FlyTime is a program designed for schools and adult groups with special needs individuals that promotes physical and mental fitness. This program started in 2015 as a collaboration between a few parents, local schools, and one of our coaches, and has grown into a structured, weekly program that serves nearly 100 individuals from 6 partner schools and adult day programs, ranging in age from 5 to 65.

FLY Time AT MFGF

We are looking for local businesses to help support **FlyTime** by providing a donation or pledge for **Giving Hearts Day 2027**, and to encourage others in our community to give on **February 11th**! We have a goal to raise **$30,000** for this important program!

Our **FlyTime** program is **free of charge** to local schools and adult programs and is 100% funded by generous donors and grants. Each year, we use all funds raised on **Giving Hearts Day** to support **FlyTime**.

"FlyTime has given (my son) a safe, welcoming space where he can move, play, and be himself. Seeing his excitement each week and the positive impact the program has on him means so much to our family. We are incredibly grateful for the inclusive environment MN Flyers provides and the care and encouragement shown to every child, including (my son)."
