Hey, I'm Anna

I'm an Event Photographer based in Annerley, Brisbane. I'll pack a bag and travel anywhere to capture your events.

I love to document your most important moments. I'm a passionate girl boss, photography pro, spreadsheet lovin', dog cuddling, perfectionist who enjoys a good laugh and gets a real kick

out of going to such a variety of awesome events.

On my rare day off you'll catch me gardening, baking, drinking cups of tea and playing with our daughter Holly.

Christmas is my time to shine, literally, our house is covered in thousands of fairy lights.

Hey, I'm Tim

Proud husband to Anna, father, scallywag.

Being even just a tiny part of so many peoples special day is such a blessing and something I cherish dearly. I love shooting and the joy photos bring people.

When I'm not photographing you'll probably find me renovating our Queenslander while Anna potters

in the garden or at the playground with our daughter Holly.

If it's raining I'll be tucked away inside photographing my watch collection.

We're big kids at heart and of an evening you'll hear us yelling between rooms while we're both playing xbox online, quite often with Will.

Hey, I'm Will

Living just a stones throw from Tim and Anna, swinging by regularly to drop off camera cards, pickup bakery and give Penny a pat.

Having worked as a Wedding photographer in Brisbane for 15+ years and over the last few years branching into Corporate events. I've seen it all, shot at every venue in Brisbane and thrived

under a whole host of situations, I've got your event covered.

When I'm not photographing I'll be cycling distances greater than Tim or Anna ever could.

Maybe I'll be riding my motorcycle, contemplating my next tattoo or booking tickets to enjoy my favourite local metal bands with a rum in hand,

Sometimes you
will never know
the value of a
moment, until it
becomes a memory

How it works?

We want you to feel confident and satisfied with every step of the process. Creating and executing is our favourite part, so let's take a look at how.

THE PROCESS

1

Stage 1: Check to see if we're available on your date. Once we've confirmed availability we will then require a contract and a booking fee to lock everything in place. We will confirm with you once these have arrived.

2

Stage 2: Information that you might like to send through would be a run sheet for your Event, so we're in the right spot at the right time for photos. Plus a photo shot list, just a few ideas / outlines of images you would like us to endeavour to achieve on the day.

3

Stage 3: Confirmation. If any details for your event change please let us know a week prior to your booking. Please also provide us with an onsite contact for the event.

4

Stage 4: The photoshoot: We always arrive 10 - 15 minutes prior to your event start time. If parking is available on site please let us know. If on the day your event runs overtime we can extend the booking and bill this after.

5

Stage 5: If you have sent through a photo guide we will do our best to achieve all required photos. If you don't send through a list we're happy to shoot on the go and capture your event as it unfolds in our artistic style.

6

Stage 6: On the day we photograph on dual cards, which means we make an automatic backup of your event as we shoot. Once the event booking finishes, we will notify the onsite contact at this time to ensure they are 100% happy with the current coverage before we head back to the office and backup everything twice more.

7

Stage 7: If you have requested on site editing we will set up and edit your photos onsite (see Add-Ons page) This may take place during or after the events. Your photos will be either uploaded to Google drive or put on a USB / hard drive provided by your company.

8

Stage 8: Photographs can be edited in both Adobe Lightroom (included) and Photoshop (may attract surcharge) depending on the level of editing required. All editing happens onsite in our Brisbane office by Anna and Tim. We guarantee the security of your images by never outsourcing editing.

9

Stage 9: Standard editing is 2 - 5 weeks turn-around. You can purchase a fast track option to have your images within 24 hours (see Add-Ons page). We can provide you with 5 highlights images for social media / press the day after your event if requested, this is free of charge.

10

Stage 10: Photos are delivered in high resolution via an online gallery valid for 365 days. Guests can view, download free high-res digital copies of their photos, and order prints if they wish. Event organisers get admin privileges to hide photos and control guest access.

11

Stage 11. Optional Prints. There is no obligation to purchase prints. This is a convenient extra that we offer to make life easier. Our prints are created locally in Brisbane and come with a 100 year archival quality rating.

12

Stage 12. Reviews. Love our service? Then let the world know it! Google reviews amongst other reviews for Brisbane Event Photographer are always appreciated! Thank you!

The Importance Of Editing

We'll be honest, photos straight out of the camera don't come out perfect and the conditions under which a photo can be taken vary a lot. After an image is captured that's when editing brings your photo to life!

BEFORE

AFTER

Please note: We will not provide RAW files or unedited photos.

FAQ's

Here you'll find a list of common questions that we receive:

1 Who will be our photographer?

At Brisbane Event Photographer we have 3 principal photographers: Anna, Tim and Will. We try to split up our photo shoots evenly so you've always got a well rested, top of their game photographer. If you would like a specific photographer please let us know and we will endeavour to allocate your photographer of choice.

2 Travel fees?

The answer is sometimes. We are based in Annerley so for Events within 15 kms of our office, travel is included in your booking. However we may charge a parking fee for events within the city. Travel to the coast is between \$100 - \$150, Toowoomba \$200.

Flights are to be covered by the client.

We travel internationally

(when there isn't a pandemic!)

3 Are you Insured?

Of course! We've been doing this for years and are always prepared. We have public liability and all our gear is covered too.

4 Should we feed you?

We would appreciate it! For short events it is not necessary to feed us but if it's a half or full day event then yes please include us in your supplier meals. Hot tip: We happily class a bowl of hot chips as a meal. We are also happy to graze if at a cocktail event.

We don't drink alcohol while photographing but soft drink and coffee would be great

thanks!

A woman with long, dark, curly hair is sitting on a red gym bench, smiling at the camera. She is wearing a dark blue crop top with white stars and matching leggings. She is also wearing black and white sneakers and a black watch on her left wrist. The background shows gym equipment, including a silver rack and blue straps.
