What's It About?

Now that Truly Lovejoy's father has been injured by an IED in Afghanistan and is having trouble finding work back home, the family moves from Texas to tiny Pumpkin Falls, New Hampshire, to take over Lovejoy's Books, a struggling bookstore that's been in the family for one hundred years.

With two older brothers and two younger sisters clamoring for attention, her mother back in school, and everyone up to their eyebrows trying to keep Lovejoy's Books afloat, Truly feels more overlooked than usual. So she pours herself into uncovering the mystery of an undelivered letter she finds stuck in a valuable autographed first edition of Charlotte's Web, which subsequently goes missing from the bookshop. What's inside the envelope leads Truly and her new Pumpkin Falls friends on a madcap treasure hunt around town, chasing clues that could spell danger.

Who Wrote It?

Before Heather became a writer, She was a reader—and still is. She was born in Peterborough, New Hampshire, into a family of bookworms, and spent most of her childhood holed up in the library or in my bedroom, reading. Her father was a teacher and principal and read to her and her sisters a lot. Her favorite part was when he acted the stories out and did fabulous voices. Heather always loved writing and did a lot of it as a child. After college, she wrote for a lot of newspapers and print publications including The New York Times, Publisher's Weekly, The Christian Science Monitor and Family Life. Heather's first novel, The Voyage of Patience Goodspeed, was published in 2002, and she has been writing books ever since. Today, after spending more than 20 happy years in the Pacific Northwest and close to another decade in Boston, she and her husband have embarked on a new adventure, living in Europe. Portugal, to be exact! They love their

little medieval city, with its castle ruins and charming gardens and weekly open-air market. Our city apartment may not look like that English cottage of her childhood, but it's peaceful and full of light — just right for a writer!

What's It About?

Amari Peters has never stopped believing her missing brother, Quinton, is alive. Not even when the police told her otherwise, or when she got in trouble for standing up to bullies who said he was gone for good. So when she finds a ticking briefcase in his closet, containing a nomination for a summer tryout at the Bureau of Supernatural Affairs, she's certain the secretive organization holds the key to locating Quinton—if only she can wrap her head around the idea of magicians, fairies, aliens, and other supernatural creatures all being real. Now she must compete for a spot against kids who've known about magic their whole lives. No matter how hard she tries, Amari can't seem to escape their intense doubt and scrutiny—especially once her supernaturally enhanced talent is deemed 'illegal.' With an evil magician threatening the supernatural world, and her own classmates thinking she's an enemy, Amari has never felt more alone. But if she doesn't stick it out and pass the tryouts, she may never find out what happened to Quinton.

Plus don't miss the thrilling sequel, Amari and the Great Game!

Who Wrote It?

I'm a huge fan of the Men In Black movie, especially Will Smith. And one day I was watching it and I kind of had the idea of like, what if it wasn't just aliens that lived among us? What if it was all the things we consider myths and legends that are real and they lived among us? How would the Agency be different? And then the 2nd part came. I had the question, what if a kid like me, like I was when I was growing up, a Black kid from modest means, got to go to a place like Hogwarts? And then it was just kind of a merge of those two ideas. fun. I live in South Carolina and when I'm not writing, I can be found eating too many sweets and exploring country roads to see where they lead. Visit his website at www.bbalston.com

What's It About?

Cincinnati, Ohio, lives and dies by college basketball, with two elite Division I rivals separated by a mere three miles. Rory's dad just secured a new coaching gig at the University of Cincinnati, so it means yet another school and move for her, only this time to her dad's hometown. Rory's life revolves around basketball; she's never had a close friend outside of it. Could this be a chance for a fresh start? Abby has always lived in Cincinnati, where her dad grew up playing ball and now coaches at Xavier University. But Abby has recently retreated from basketball after a frustrating season that left her confidence in shambles. This year, she finds herself on the outside looking in when it comes to her former teammates, and she could seriously use a new friend. The coaches' daughters connect over their shared love of the game when Abby chaperones Rory on her first day of school. But when Abby's dad practically forbids their friendship because of something that happened between him and Rory's dad when they were younger, Abby and Rory have no choice but to move their budding friendship underground.

Can the two of them get to the bottom of what went down between their dads in the 1990s before history repeats itself?

Who Wrote It?

Jenn grew up in a small Massachusetts town and loved playing sports and being outdoors. She also enjoyed reading and writing. The first book she wrote as a child was about her pet rock, named Christy! She loved writing so much, that she went to college (in Chicago) to learn all about books and became a librarian. Her love of books led her to wanting to write them, so she went back to school to earn an MFA (Master in Fine Arts) at a famous school called The Vermont College of Fine Arts. Shortly after graduating her published her first book, The Distance to Home (2016) and hasn't stopped. Free Throws, Friendship and Other Things we Fouled Up is her 5th book. Jenn currently lives in Cincinnati. When she isn't writing, she likes running, gardening, hanging out with her husband (and cat!) and cheering for her fav basketball team!

What's It About?

Harry Potter has never been the star of a Quidditch team, scoring points while riding a broom far above the ground. He knows no spells, has never helped to hatch a dragon, and has never worn a cloak of invisibility. All he knows is a miserable life with the Dursleys, his horrible aunt and uncle, and their abominable son, Dudley - a great big swollen spoiled bully. Harry's room is a tiny closet at the foot of the stairs, and he hasn't had a birthday party in eleven years. But all that is about to change when a mysterious letter arrives by owl messenger: a letter with an invitation to an incredible place that Harry - and anyone who reads about him - will find unforgettable.

- This is the first book in the Harry Potter series.
- In England, where the book was first published, the book is called Harry Potter and the Philosopher's Stone.

Who Wrote It?

Joanne Rowling was born on 31st July 1965 in England. The young Jo grew up surrounded by books. 'I lived for books," she has said. What's It About?

Taking only what they can quickly pack, 11-year-old Mardella Houston and her mom secretly move away from her abusive, drug-dealing father to start a fresh life in the one-stoplight town of Haven, Minnesota. But Mardella's sure she's to blame—if only she hadn't dialed 911, none of this would be happening. Her dad wouldn't be in jail, her mom would still have her old job, Mardella would still have friends, and they wouldn't be starting over. She knows she should be grateful that her mom's new job at Rest Haven Senior Living gives them a place to live—but the over-age-65 residence is a boring, run-down, funny smelling place. Even so, Mardella volunteers to make their new home as cheerful as possible. Through these colorful projects, she is surprised that she soon has new friends—of all ages. But when her father gets out of jail, angry and determined to find them, Mardella realizes she's made another terrible mistake—one that might destroy her chance at a new, happy life. This time it's up to her to fix everything and keep her mom and new friends safe. This moving middle grade novel sensitively addresses a tough topic through the eyes of a preteen. (Ages 9+)

What's It About?

New Kid is a timely, honest graphic novel about starting over at a new school where diversity is low and the struggle to fit in is real, from award-winning author-illustrator Jerry Craft.

Seventh grader Jordan Banks loves nothing more than drawing cartoons about his life. But instead of sending him to the art school of his dreams, his parents enroll him in a prestigious private school known for its academics, where Jordan is one of the few kids of color in his entire grade. As he makes the daily trip from his Washington Heights apartment to the upscale Riverdale Academy Day School, Jordan soon finds himself torn between two worlds—and not really fitting into either one. Can Jordan learn to navigate his new school culture while keeping his neighborhood friends and staying true to himself?

This middle grade graphic novel is an excellent choice for tween readers, including for summer reading. Winner of the Newbery Medal, Coretta Scott King Author Award, and Kirkus Pri

Who Wrote It?

As a kid, Jerry did not like to read, but as he got older, he felt that the lack of books with characters who looked and acted like him and his friends, was probably the biggest reason. So he decided to make the books he wished he had when he was a kid. Jerry always loved drawing. A lot of what readers read and see in New Kid is built off the experiences of Jerry's life (and of his sons too!). Jerry says he feels honored to represent his community through his stories. "No ONE character is always right, nor are they always wrong. And I feel like that's important for both kids AND adults to see." Jerry said he had a blast creating this book. Jerry lives

with his family in Connecticut. He is excited about the newest book in this series, School Trip to come out in 2023. You can learn more about Jerry at his website: https://jerrycraft.com/faq/

What's It About?

It's 1947, and India, newly independent of British rule, has been separated into two countries: Pakistan and India. The divide has created much tension between Hindus and Muslims, and hundreds of thousands are killed crossing borders. Half-Muslim, half-Hindu twelve-year-old Nisha doesn't know where she belongs, or what her country is anymore.

When Papa decides it's too dangerous to stay in what is now Pakistan, Nisha and her family become refugees and embark first by train but later on foot to reach her new home. The journey is long, difficult, and dangerous, and after losing her mother as a baby, Nisha can't imagine losing her homeland, too. But even if her country has been ripped apart, Nisha still believes in the possibility of putting herself back together. Told through Nisha's letters to her mother, The Night Diary is a story of one girl's search for home, for her own identity...and for a hopeful future.

This book won a Newbery Honor Award in 2019.

Who Wrote It?

When I was a kid, I liked video games a lot and since I grew up in the '80s before the internet, xbox, and wii, going to the arcade and playing Pacman was just about the most exciting thing in the world. When I wasn't begging my parents to take me to an arcade, I was reading, making up stories, doing gymnastics, baking cookies, drawing, and making my little sister play the games I wanted to play. I was raised in a small town in Connecticut. Growing up wasn't always easy. My mother is Jewish-American, my father is from a Hindu family in India, and I didn't know any kids like me where I lived. But coming from two cultures and not always fitting in has probably made me a stronger person. Now I live in a little town on the Hudson River with my husband, daughter, son, and a very moody cat who we love anyway.

What's It About?

A devastating tornado tears apart more than just houses in this striking novel in verse about a girl rebuilding herself. Before the storm, thirteen-year-old Quinn was happy flying under the radar. She was average. Unremarkable. Always looking for an escape from her house, where her bickering parents fawned over her genius big brother. But after the storm, Quinn can't seem to go back to average. Her friends weren't affected by the tornado in the same way. To them, the storm left behind a playground of abandoned houses and distracted adults. As Quinn struggles to find stability in the tornado's aftermath, she must choose: between homes, friendships, and versions of herself. Told in rich, spectacular verse, Caroline Brooks DuBois crafts a powerful story of redemption as Quinn makes her way from Before to After. There's nothing average about the world Quinn wakes up to after the storm; maybe there's nothing average about her, either. This emotional coming-of-age journey for middle grade readers proves that it's never too late to be the person you want to be.

Who Wrote It?

From Betty's Author Website: I spent my childhood nights secretly reading mangas under the covers with a flashlight, much to my mother's dismay. It did no favor to my eyes, but my love for drawing ignited. After graduating from CalArts with a BFA, I worked for various Hollywood animation studios including Disney TV and Dreamworks Animation. Then adventurously, I moved to Beijing, China for a couple of years, and co-directed Where's the Dragon?, an animated feature. Now I'm 100% devoted to creating meaningful books for children. I'm also a NY Times Bestselling Illustrator of the graphic novel, JACKY HA-HA, written by James Patterson and Chris Grabenstein and adapted by Adam Rau. I love squirrels and hate roaches. I am also a 4th degree black belt in Aikido-a Japanese martia art-but the roached aren't impressed. Born in Taiwan, I arrived in America as a parachute kid. Currenly, I live in Los Angeles, CA.

Who Wrote It?

In 1967, Kimberly was born in Fort Wayne, Indiana. She always loved to read, often skipping recess to go talk with her school librarian. Being a writer floated in her daydreams, but she didn't know any writers, and it didn't feel like a real job. In school she loved chemistry in addition to writing. When she went to college, she majored in chemistry. She was lucky, though, a liberal arts school (Smith) where she was encouraged to study all sorts of different subjects, and she took lots of writing classes. She married my high-school sweetheart, and for awhile I worked as a research chemist and wrote stories late at night and on weekends. But eventually, she realized she really wanted to be a writer and began pursuing that path. Kimberly and her husband and live in Bristol, TN where we live on a 52-acre farm. This is a huge-hearted story about a girl learning to question everything—and to trust in herself. Fern's lived at the Ranch, an off-the-grid, sustainable community in upstate New York, since she was six. The work is hard, but Fern admires the Ranch's leader, Dr. Ben. So when Fern's mother sneaks them away in the middle of the night and says Dr. Ben is dangerous, Fern doesn't believe it. She wants desperately to go back, but her mom just keeps driving. Suddenly thrust into the treacherous, toxic, outside world, Fern thinks only about how to get home again. She has a plan, but it will take time. As that time goes by, though, Fern realizes there are things she will miss from this place—the library, a friend from school, the ocean—and there are things she learned at the Ranch that are just...not true. Now Fern will have to decide. How much is she willing to give up to return to the Ranch? Should she trust Dr. Ben's vision for her life?
