## What happens to the owned content on the JPay tablets:

- The Department is finalizing an agreement with JPay to transfer owned content from JPay to ViaPath to make the owned content available on the ViaPath tablets.
- Inmates will have access to their owned content free of charge.
- The content will include the inmate's music, messages and photos. Games cannot be transferred to ViaPath.
- Once the agreement is signed by JPay, it will take six (6) weeks to transfer all owned content from JPay to ViaPath.
- ViaPath will then make the owned content available on the tablets.
