An emblem of transformation, rendered in material and form

The Cicada Linea Coffee Table is an artful fusion of material contrast, sculptural craftsmanship, and symbolic meaning. Its top is available in any of our standard oak finishes, each created through a refined multi-layer finishing process that imparts depth, richness, and a distinctive patina. The resulting surface celebrates the beauty of time and craftsmanship while complementing the table's contemporary form.

At either end of the table, a cast cicada motif emerges as both ornament and structure, seamlessly integrated within a textured frame that forms the legs. Rich in detail and tactile depth, these sculptural elements invite closer inspection, revealing a layered interplay of texture, shadow, and form.

Long revered as a symbol of transformation, resilience, and rebirth, the cicada serves as the conceptual anchor of the design. Its presence infuses the piece with narrative depth, while the richly layered oak finishes reinforce themes of evolution and endurance, creating a meaningful connection between material and motif.

Balancing artistry with function, the Cicada Linea Coffee Table is conceived as a conversation piece—grounded yet expressive, sophisticated yet distinctive. Equally at home in residential, hospitality, or gallery-inspired interiors, it stands as a quiet yet powerful statement, exploring the enduring dialogue between nature, craftsmanship, and design.
