The model on the left is wearing a light grey raincoat over a white lace-trimmed blouse and black boots, holding a black textured bag. The model on the right is wearing a dark purple raincoat over a dark green sweater, a grey scarf, and tan trousers. THINGS TO KNOW

DIGITAL AND FILM DOCUMENTATION

I am analog photography forward. All of my packages have 35mm film built into the price. But don't worry, I will always shoot digital in tandem, and you can add additional rolls of 35mm or medium format film under my 'add ons' section.

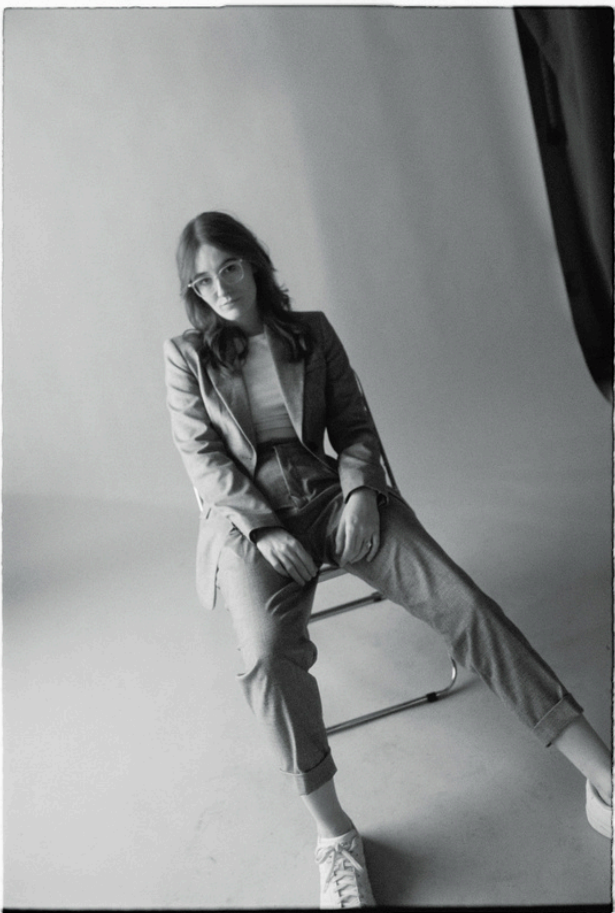

TURNAROUND TIME

Film developing is a long and expensive process. After moving to Portland, OR and not wanting to risk the potential of lost negatives in the mail, I exclusively use local labs. Portland film labs have a minimum of a 2 week turnaround, likely longer. That means on my end, typically, you should have your entire digital and film scan gallery within 4 weeks after your shoot. If I expect it to be longer, I'll shoot you an email!

SOLO SESSIONS

SOLO SESSION [DIGITAL + 1 ROLL OF 35MM FILM]
