# Welcome

Thank you for joining us for the 2nd Annual All the Single Ladies Heifer Sale!

We are excited to welcome you to this year's sale. Last year, the All the Single Ladies Heifer Sale was a huge success, which wouldn't have been possible without the partnership of Leon and Chloe Birky, owners of Eugene Livestock Auction. This year brings some changes to the sale as we learn and grow as sale managers. This year's offering will be single heifer lots; there will be no pen lots.

For years, we have talked about the need for a heifer sale in Oregon that would represent what we do! Our goal is to improve cattle genetics and phenotype by using artificial insemination. This has been a valuable tool that has crossed over to a variety of breeds. This is where the heart of the All the Single Ladies Heifer Sale began. Our goal is to get quality cattle in the hands of producers across the Pacific Northwest. The All the Single Ladies Heifer Sale has become a platform for small to midsize producers to showcase the high-caliber females they work hard to produce.

This year, we have selected a diverse group of heifers, representing a variety of breeds, styles, and genetics. We truly believe there is something for everyone, and we're excited to share this outstanding set with you. We can't wait to see you at this year's sale!

With love,  
Adrienne and Jen
