Enter relevant dimensions below. Leave fields blank if not applicable.

☐ Inches ☐ Centimeters

Width	Depth	Height	Diameter	Seat Height	Arm Height

MATERIAL, FINISH, AND TIMING

Preferred material(s)

Preferred finish / color / sheen

Desired completion date or project timing

☐ Timing is flexible ☐ Date is firm

PARISII

FURNITURE SHAPED BY FEELING

Custom Quote Request

For custom dimensions, material or finish changes, and new furniture concepts.

TELL US ABOUT THE REQUEST

What should we know about the design, intended use, or changes you have in mind?

For an existing piece, note what should change. For a new concept, describe the form, function, and materials.

SUPPORTING INFORMATION

Check the materials you are including with your request:

- ☐ Sketch
- ☐ CAD / technical drawing
- ☐ Reference image
- ☐ Room plan / elevation
- ☐ Finish or material reference
- ☐ Other

If sending files separately, include your name, studio, and piece name so we can match them to this request.

CAD DRAWING REQUIREMENTS

Most catalog designs may be customized in size. A dimensioned CAD drawing for a custom-size request is included for client approval before production begins. Custom sizing is quoted individually. Signed drawing approval is required to confirm all dimensions and applicable construction details before fabrication.

Custom changes other than size require a CAD drawing. The designer may submit the drawing, or our studio can prepare one for a $250 fee based on a loose sketch submitted by the client.

ADDITIONAL NOTES

Special instructions, constraints, or questions

NEXT STEPS

PARISII will review your request and follow up if more information is needed to prepare a quote.

This is a request for review and pricing. It does not place an order or begin production.

For multiple piece types, use Additional Notes or attach a separate item schedule.
