Hello,

I am requesting all public records from the past 60 days that reference Linda Stouffer by name or pertain to her even if her name was not used. This includes any records, correspondence, emails, text messages, social media messages, reports, or investigations.

Specifically, I request these records from all members of the Village Council, the Village Manager, Village Clerk, Village Deputy Finance Officer, and the Village Attorney. Please provide the records and further communication electronically to [REDACTED]

Thank you,

Anna Matson
