WELCOME

RK COLLECTIVE

a lovely Welcome

Hi! We are Rose & Kadel

Photography has always been part of our story.

When we first met, one of the most meaningful gifts we exchanged wasn't expensive or elaborate, it was a collection of childhood photographs. We spent hours looking through pictures of ourselves as babies, teenagers, and with the people who shaped us.

Years later, after welcoming our first child, those photographs took on an entirely new meaning. Today, our children flip through those same albums, asking questions about our childhoods, our families, and the lives we lived before becoming parents.

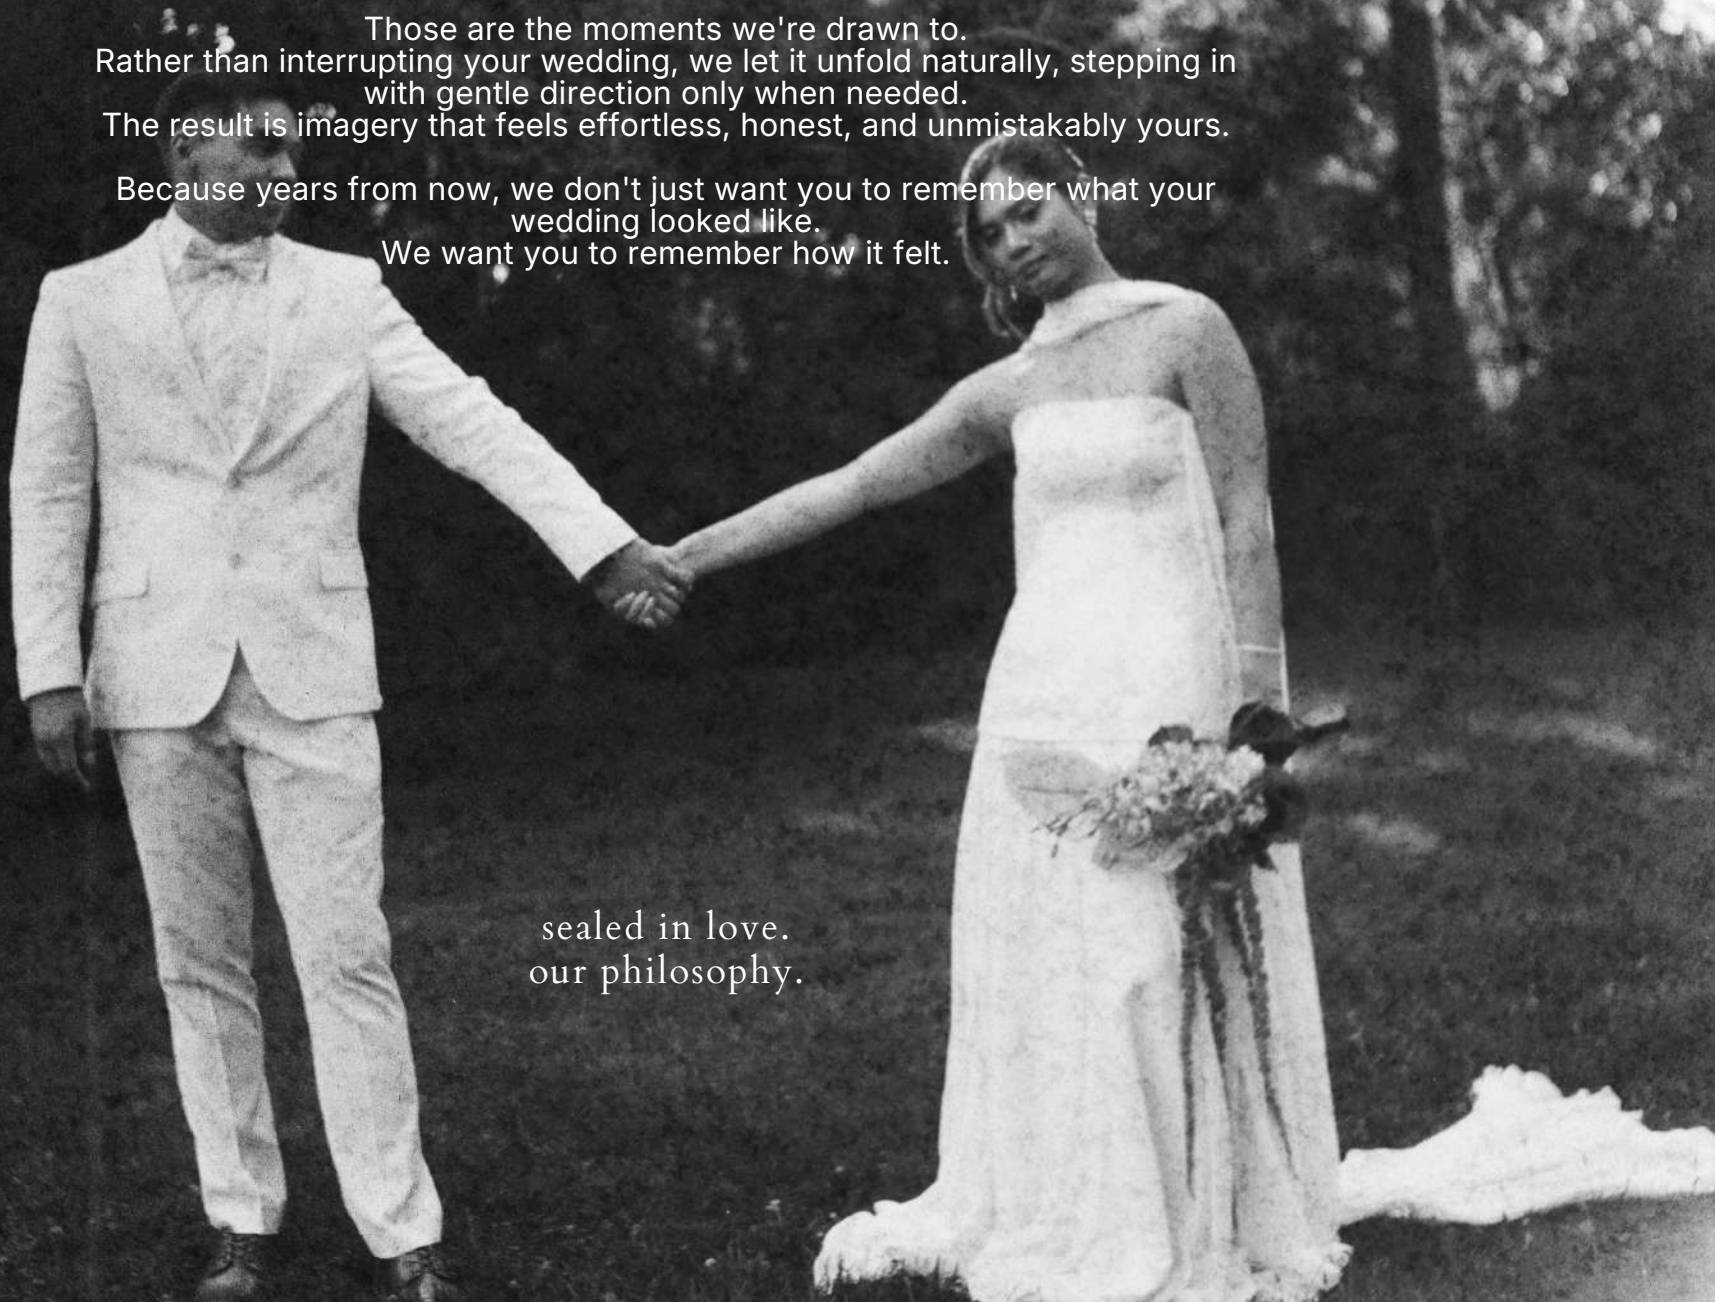

That's why we believe photographs are so much more than images. They're memories, conversations, and the beginning of a family's history.

Every celebration has its own rhythm.
The excitement before the ceremony.
The quiet glance across the room.
The people who have loved you long before this day.

Those are the moments we're drawn to.
Rather than interrupting your wedding, we let it unfold naturally, stepping in
with gentle direction only when needed.
The result is imagery that feels effortless, honest, and unmistakably yours.

Because years from now, we don't just want you to remember what your
wedding looked like.
We want you to remember how it felt.

sealed in love.
our philosophy.

BOOKING

the
WEDDING
experience

THE *booking* PROCESS

01

Say Hello

Everything begins with your inquiry.

Tell us about yourselves, your wedding plans, and what you're dreaming of. Whether you're planning an intimate gathering or a weekend celebration, we'd love to hear your story.

Within 24–48 hours, you'll receive a personal response from us confirming our availability and inviting you to the next step.

02

Let's Meet

We believe the best photographs begin with trust. We'll schedule a relaxed consultation, either over coffee or virtually, to get to know one another, hear about your vision, and answer every question you may have.

Rather than simply talking about photography, we'll talk about your relationship, your priorities, and the moments that matter most to you.

This is also the perfect time to discuss film photography, Super 8, timelines, and how we can tailor your experience to your celebration.

03

Reserve Your Date

Once you've decided we're the right fit, we'll make everything official.

Your wedding date is reserved with:

- A signed agreement
- A 40% non-refundable retainer

Once both are received, your date is exclusively yours.

From this moment forward, your collection, investment, and wedding date are secured.

04 Planning Together

The months leading up to your wedding are where so much of the magic happens.

You'll receive our Wedding Experience Guide, planning resources, timeline recommendations, and support whenever you need it.

Whether you're wondering how much time to allow for portraits, choosing between a first look or aisle reveal, or deciding when to photograph family portraits, we're here to guide you with years of experience.

Our goal is to make photography feel effortless so you can focus on celebrating.

05 Your Wedding *Day*

When your wedding day arrives, we want you to forget the camera is even there.

We'll document your celebration as it naturally unfolds, capturing the quiet moments, joyful embraces, and everything in between.

We'll gently guide you during portraits while allowing the rest of the day to happen organically.

By the end of the evening, you'll have experienced your wedding, not performed for it.

06 Relive It All

Within a 1 week, you'll receive a curated collection of sneak peeks to relive the first moments of your celebration.

Your full gallery will follow in approximately **8-12 weeks**, thoughtfully edited and carefully curated to tell the complete story of your day.

Your gallery will be delivered through a beautiful online experience where you can download, share, and order professional prints directly.

THINGS TO
KNOW
CONTINUED

Our collections and investment are reviewed periodically to reflect the continued growth of our craft and the experience we provide each couple.

Once your wedding date is reserved with a signed contract and retainer, your collection and investment are secured.

We're committed to transparency from the very beginning, so you can move forward with confidence knowing exactly what to expect.

~ For the memories that deserve to move

*Photography freezes a moment.
Super 8 brings it back to life.*

When we watch old family films, we're reminded that it's
often the smallest moments we treasure most.

The way someone laughs.
The way they walk.
The way they reach for your hand.

Super 8 captures these fleeting moments with warmth and
authenticity, allowing you to relive your wedding not just as
it looked, but as it truly felt.

While your gallery is delivered digitally, we believe some memories deserve to be held in your hands.

That's why every RK Collective couple receives a thoughtfully curated keepsake box, carefully assembled with a selection of printed photographs from your wedding day, along with the Polaroids captured throughout your celebration.

It's our way of transforming your memories into something tangible, something to display in your home, revisit on anniversaries, and one day share with the generations that follow.

They deserve to be held, passed around the dinner table, tucked into family albums, and rediscovered years from now.

QUESTIONS

FAQS

FAQS

RK
COLLECTIVE

Do you travel for weddings?

01/06

Absolutely. We proudly document weddings throughout Montreal, Ottawa, Toronto, and destinations beyond.

Travel within the Montreal and Ottawa regions is included in our Signature Collections.

For Toronto, destination weddings, or celebrations requiring overnight accommodation, a personalized travel proposal will be provided with complete transparency.

Is film included in every collection?

02/06

Yes. Every Signature Collection includes a thoughtful blend of digital photography, 35mm film, and medium format photography. We believe each medium tells your story in a unique way, creating a gallery that feels timeless, honest, and deeply personal.

FAQS

RK
COLLECTIVE

Can we book an entirely film wedding?

03/06

Absolutely.

For couples who love the beauty of analog photography, we offer The Analog Collection, a wedding experience documented entirely on 35mm and medium format film.

This collection is available by custom proposal and crafted specifically for each celebration.

How many photographs will we receive?

04/06

Every wedding is unique, and so is every gallery.

Rather than focusing on a specific number of images, we carefully curate your final gallery to tell the complete story of your wedding day. Most couples receive approximately 500–800 thoughtfully edited photographs, depending on the length and pace of the celebration.

Do you help with our wedding timeline?

05/06

Absolutely.

From planning the best time for portraits to organizing family photographs and recommending lighting-friendly timelines, we're here to help every step of the way.

Our goal is to make your wedding day feel relaxed, effortless, and enjoyable.

We're awkward in front of the camera. Can you help?

06/06

Absolutely and you're not alone.

Most of our couples tell us they've never had professional photographs taken before. Our approach is gentle, relaxed, and guided when needed, allowing you to focus on one another rather than the camera.

The result is imagery that feels natural, honest, and unmistakably you.

Thank you for spending time with us and getting to know the heart behind RK Collective.

We know that choosing the people who will document your wedding is a deeply personal decision, and we never take that trust for granted.

If these pages felt like home, we'd be honoured to tell your story with the same care and intention we've shared throughout this guide.

Until then, we wish you all the joy in planning a celebration that feels beautifully, unmistakably yours.
