The image shows three ceramic planters of different sizes, each with a weathered, glazed finish. The largest planter on the left is filled with a variety of plants, including tall, thin grasses, white star-shaped flowers, and green ferns. The two smaller planters on the right are empty. The background is a blurred green garden. A semi-transparent green shape with a scalloped edge frames the text. In the bottom left corner, there is a small, stylized illustration of a plant branch with brown leaves.

* Notes about our Collection *

* Each pot is individually crafted following techniques used for thousands of years. Our pottery may therefore have variations in color, smudges, size, glaze and kiln firing markings. We believe this is an enhanced characteristic of handmade pottery and no two pots are exactly alike. Kiln crystals, fingerprints, fine cracks, or crazing are not considered defective or affect the integrity of the pottery for its intended use.

* Our Outdoor and Terra Cotta Collections are frost “resistant” but proper drainage is required to prevent damage during cold temperatures. We recommend Terra Cotta styles be placed in a frost-free, covered area during freezing temperatures. The Pottery Market is not responsible for damage that may occur during inclement or extreme weather.

* Our Indoor Collection and Accessories are suitable for indoor/outdoor use during warm temperatures but must be brought in from the cold or damage may occur (despite drainage).
