Fletcher Place Community Center

Impact Report

Fletcher Place cc.org
Community Center
Hope. Compassion. Renewal.

2025 was another AMAZING year of positive impact on our neighbors. Check out what your support accomplished.

Note from Our Executive Director

Hello Fletcher Place Friends & Supporters,

2025 was another great year at Fletcher Place Community Center. Obviously what stands out in 2025 was the WNBA All Star Project. What an amazing experience and investment in our programs. Being a part of the process was a special experience: new playground with a greenhouse, new kitchen, new garden stand with dedicated water, a new mural, and new friends.

The ribbon cutting was such a special day celebrating the investment and showing off the outcome. An opportunity to celebrate with our new friends and share the excitement with our steadfast, long time supporters. It was an amazing day! But what moved me the most was the speech by our REACH Early Learning parent, Selva. Her sharing what the program has meant to her and her daughter was so moving and emotional to all of us who do this work daily. It is why we do what we do, why the work is so important. Validation that it makes a difference in the lives that you support. I can only continue to express my sincerest gratitude. Thank you!

Gratefully,

Melissa

Melissa Drew
FPCC Executive Director

"So from the bottom of my heart, thank you, REACH. Thank you for giving Valentine and so many other children in our community such a joyful and safe space to grow. Thank you for lifting us up when we needed it most. And thank you for creating a community that truly feels like home. We are forever grateful!" ~ Selva
