FROELICH LEGACY QUARTER HORSES

56th Annual Production Sale

Greetings Horse Lovers!

Some years you sail through; others test the strength within you. This one tested us. As we open our 56th annual sale, we do it carrying more than we set out to, and leaning harder than ever on the people and the horses that hold this family together.

Just days after last September's sale, our family lived a week we will carry for the rest of our lives. On September 23rd, Kelly had a heart attack. On the 24th, JW and Alisha welcomed a new baby boy, Ryder John Froelich, into the world. And on the 30th, we lost Kelly. In the span of one week, we welcomed new life and said goodbye to the man who was father to JW and Brooke, husband to Renee, grandfather to Colt and Ryder, and a brother, uncle, and friend to more folks than we could count.

We are still finding our footing without him. Kelly will be deeply missed at this year's sale. He had a way of lighting up a room and getting a crowd to laugh, and he shined brightest on sale day. A presence like that can't be replaced. We won't try to say it all in this letter. You'll find a proper tribute to him in the center of this catalog, where he belongs, and where we can give him the room he deserves.

Winter didn't ease up on us either. JW was diagnosed with cancer again and spent January through March in chemotherapy. We are grateful, and humbled, to tell you he is once more in remission. He faced it the way his dad taught him to face everything: head-on, jaw set, leaning on the people who love him. This horse community has carried our family through more than one hard season now, and we don't take a single prayer or kind word for granted.

Through all of it, the horses kept us standing. There is something about a mare and her foal out in the grass, going on the way they always have, that reminds you life keeps moving and it's worth showing up for. We poured what we had into this year's foal crop, and we're proud of them: raised out in big country the way Kelly and his dad always raised them, learning to be sound, sensible, and useful from the day they hit the ground.

And there is joy waiting for us down the road. This December, Brooke marries Tyler. We couldn't be happier to add him to the family, and we're glad to close a heavy year looking toward a good one.

Guest consignors this year are Don & Carol Cool of Gillette, WY, Jamie & Codi Wymore of Maryville, MO, and Sue Hodgman of Union Center, SD. All of the consignors are offering wonderful foals and can be contacted directly for more information.

Our webpage has more photos of each foal, along with photos of the mares and stallions. Videos of the foals are also linked. If you have any questions, please do not hesitate to contact us. There are always cows to feed, fences to fix, and hay to put up, but we always have time to talk about horses.

Our Best Wishes To You All,

The Froelichs

Tank is easy going, quiet, and level headed, the kind that's easy to be around and just as easy to work with. He's short in stature but deep bodied and deep girthed with a lot of power, good bone, and good feet under him. His first colts show it. They're strong, well built, and the kind that make good ranch horses. Being EE aa RnRn, every foal he sires will be a black based roan. We're excited to watch him develop in our program.
