

COM + COL ORDERS

We accept Customer's Own Material (COM) and Customer's Own Leather (COL). A completed COM Tag must accompany each shipment. The ship-to address will be provided on the order acknowledgement.

LEATHER (COL)

For yardage calculations, 18 square feet of leather equals one yard of 54-inch-wide fabric, based on hides yielding approximately 45 square feet of usable material.

MATERIAL RESPONSIBILITY

Stephanie Parisi Studio / PARISII assumes no responsibility for:

- Jobber or mill shipping errors
- Mismatched COM or COL
- Suitability, wearability, colorfastness, dye-lot variation, shrinkage, stretching, or fading
- Flaws, snags, runs, or other material defects
- Creases caused by folded shipment rather than shipment on a roll; every effort will be made to steam creases, but results cannot be guaranteed
- Return of excess fabric or leather

FABRIC BACKING

Some fabrics require backing to stabilize the weave before upholstery. Light-colored fabrics may also require backing to prevent transparency. Available methods include knit bond, latex, and acrylic. Knit backing should be used for thinner, transparent, or light-colored fabrics. If suitability is uncertain, Stephanie Parisi Studio / PARISII will contact the client to request a call tag for the fabric backer.

FABRIC INSPECTION

Fabric packages are inspected immediately before upholstery. We reserve the right to refuse COM deemed unsuitable. Because some imperfections are difficult to identify, Stephanie Parisi Studio / PARISII is not responsible for defects or flaws and recommends that all material be inspected before shipment.

COM YARDAGE GUIDE

- Published COM requirements are based on 54-inch-wide plain or textured fabric requiring no pattern matching and cut for the best yield consistent with good appearance and tailoring.
- Narrow fabrics and pattern repeats require additional yardage. Use the chart below and round up to the next half-yard. Requirements are approximate and may vary by layout, application, or quantity ordered.
- For unusual repeats or designs, contact Stephanie Parisi Studio / PARISII. A full-width sample may be required for an accurate determination.

ADDITIONAL YARDAGE BY FABRIC WIDTH + PATTERN REPEAT

SHIPPING NOTE

Ship fabric and leather rolled whenever possible and clearly identify the client, order, and item. Do not ship material until the order acknowledgement and COM Tag instructions have been received.
