

HAIR/MAKEUP FOR PHOTOSHOOTS

Refined skin & beauty for camera, concept, and creative vision. Designed for editorials, campaigns, and brand imagery where every detail matters.

editorial hair & makeup

A fully curated, on-location beauty service tailored for editorial production

- On-location full hair & makeup application for (1) person
- Up to 1.5 hours of dedicated preparation, customized to lighting, wardrobe, and creative direction
- 15 min. on-set refinement during the photographer's light test ensuring hair placement, skin texture and finish are perfected before shooting begins

On-set hair & makeup support for the duration of your shoot is available by request and subject to availability. Inquire directly for availability and a custom estimate.

editorial makeup only

A refined, makeup-only offering for editorial and beauty-focused productions.

- On-location full makeup application for (1) person
- Up to 1 hour of intentional, camera-ready artistry
- 15 min. on-set refinement during the photographer's light test ensuring skin texture and finish are perfected before shooting begins

HAIR/MAKEUP FOR PHOTOSHOOTS

Refined skin & beauty for camera, concept, and creative vision. Designed for editorials, campaigns, and brand imagery where every detail matters.

youth & kids

The scope of shoots for youth models can vary drastically – so I like to get a full picture of the vision before providing an estimate.

brands & agencies: day rate

Designed for single or multiple clients and/or extended shoots requiring continuous beauty support, precision, and adaptability throughout production. Day rates are ideal for campaigns, commercials, multi-look editorials, video production, and brand shoots where consistency on camera is essential.

- Continuous on-set hair and/or makeup support throughout the booked time
- Look evolution and refinement between sets, scenes, or wardrobe changes
- Hair restyling, adjustments, and smoothing as needed
- Makeup transitions (lip, eye, skin refinement) to align with creative direction
- Ongoing maintenance for camera readiness (shine control, complexion perfection, flyaway control, texture refinement)
- Collaboration with photographer, director, and creative team to ensure cohesive execution
