

# Hannah Stancliff.

## experience

### Regions Bank

User Interface Designer

August 2022-Present

- Lead end-to-end design for multiple concurrent projects, from concepts through developer hand-off
- Create wire-frames, prototypes, and high-fidelity designs across mobile and web platforms
- Collaborate with product managers, developers, researchers, and accessibility experts to deliver user-centered solutions
- Ensure designs meet ADA accessibility standards, improving usability across diverse user groups
- Present design concepts and progress to stakeholders, aligning teams on product direction
- Contribute to cross-team design consistency by aligning patterns and UI components
- Improve team efficiency by organizing design files and workflows within Figma

### Ship Simply

UI/UX Designer

March 2020-July 2020

- Designed user interfaces for web applications, improving usability and simplifying user journeys
- Conducted competitive analysis and research to inform design decisions
- Developed wire-frames and prototypes using Adobe XD for developer implementation
- Created branding assets, illustrations and animations to support product identity
- Delivered presentations to stakeholders and investors, communicating design strategy and vision

### Hearty Pet

Graphic Designer

March 2020-July 2020

- Designed marketing materials including signage, business cards, and social media graphics
- Collaborated with clients to create custom illustrations and website re-designs
- Produced vehicle graphics and retail visuals to enhance brand visibility
