CONGRATULATIONS ON YOUR ENGAGEMENT!

You found your soulmate—now what?

First of all, congratulations on finding your person! As a photographer who specializes in couples pictures, I will never not be completely honored and thrilled to be a part of your love story.

We all know that this season of wedding planning is incredibly exciting, but also can be overwhelming. As your wedding photographer I'm here to not only take

amazing photographs for you to remember your special day from, but also to be here as a resource and supporter.

On the next couple of pages, you will be able to explore what it's like to work with me, along with pricing and optional add-ons for your wedding. If you have any questions after reading through the guide, please don't hesitate to reach out via email.

THE EXPERIENCE

A simple, stress-free process from initial inquiry to grand exit!

My goal is for you to be able to open your gallery from your wedding and be able to relive all the feels over and over again. This experience should be nothing short of a daydream for you-and I want to make sure that I make your special day as seamless as possible from the start of our experience together to the end.

THE PROCESS

Let's break it down

Step 1: Coffee Chat

After reading through this guide, the next step is to book a consultation with me (over the phone or in person) to discuss your needs, get to know each other, and chat about which collection is right for you. Try to fill out the questionnaire at the end of this packet so we can get the ball rolling!

Step 2: Making It Official!

If you think we're a good fit and you'd like to move forward, I'll send you a proposal with a contract and invoice to make our partnership official. Once you submit it, your date is secured on my calendar and you can breathe a sigh of relief knowing you just found your wedding photographer!

Step 3: Get Prepped

During the weeks and months leading up to your weddings, I'll act as a personal guide, offering vendor recommendations, tips and tricks, and more. If you choose a collection with an engagement session, we'll schedule it for a few months before your wedding, and create a detailed photoshoot list for the day of.

Step 4: Cue the Wedding Bells!

The big day has finally arrived. It's going to be great! I'll get to your venue early to scout out the layout and lighting. Thanks to all the planning and prep we've done, you can simply relax and enjoy the moment while I do my thing!

Step 5: Gallery Delivery

I'll send you a few sneak peek photos within a few days of your wedding to get you excited, then your full gallery will be delivered 4-8 weeks later. You can download and print them yourself, and from there I can suggest a couple businesses where you can create a dreamy photo book.

Pro tip: Plan a date night with your new spouse to look through the photos together and relive the joy of that day all over again!

What to expect on your wedding day

The more thorough planning we do beforehand, the more you can go on 'autopilot' the day of your wedding and simply stay present! I've created a **sample timeline** below to help you visualize the flow of your wedding day as it pertains to photography. We'll chat about any unique needs/wishes you may have on your consult call, and then we'll go over your timeline together several weeks before your wedding to make sure we're on the same page and ready to go.
