Maui Golf & Sports Winners!

Our incredible 3rd and 5th graders got to celebrate a day at Maui Golf & Sports for bringing in the most donations and for having the highest percentage of families that gave to our Annual Giving Fundraiser this year!

Mahalo nui to all of you who donated to the mission of Maui Christian Academy!

DUMAGUETE PHILIPPINES

MCA HIGH SCHOOL MISSIONS TEAM RETURNS FROM THE PHILIPPINES

Our MCA high school students are back from their mission trip to **Dumaguete** over Spring Break! Mrs. Ann Loewen, our MCA Missions Director, lead this effort and they met up with wonderful hosts, Noemi and Bobby, of Independent Fellowship Assembly to help serve the needs of the local community.

Our high schoolers experienced such a great time of ministry, growth, and connection there. Our students boldly stepped out in faith, shared testimonies, performed hula and sign language worship, helped lead church services, and participated in multiple evening times where the gospel was clearly proclaimed. They also got to serve in practical ways, like painting, encouraging missionaries, and building relationships within the community.

It was a beautiful thing to witness our students representing Christ with humility, joy, and love.

MAHALO FOR YOUR PRAYERS & SUPPORT!

Your prayers for protection, provision and that many lives would be touched were greatly appreciated! Your support made all the difference and gave our high schoolers the opportunities to be used for the gospel and to spread the gospel.

We're already preparing for next year's missions trip so stay tuned!

SUMMIT HIGH SCHOOL FIELD TRIP

**Upcoming:
High School Internship
Program**

Coming 2026-2027!

"Unleashing Potential, Influencing
the Marketplace"

Our field trip to Haleakalā National Park was a meaningful and memorable experience filled with both hard work and reflection. Students began the day by helping to restore the native ecosystem, pulling over 1,000 invasive pine trees in just two hours, an impressive effort that contributed to preserving the natural landscape.

We ended our trip with hot chocolate and sandwiches, a simple but enjoyable way to relax together after a full day.
