The Curves Coffee Table brings softness and sculptural ease to the center of a room. Designed to feel relaxed yet intentional, the piece balances fluid form with grounded materiality.

A pair of asymmetrical, scalloped wood bases crafted in soft-grained oak veneer support the table, their rounded profiles creating a gentle sense of rhythm. Set into the face of the wood is the PARISII coin—subtly embedded as a mark of heritage and craft. Above, a radiused stone slab rests with quiet confidence, finished in a warm, brushed taupe tone that adds depth without heaviness.

Approachable and refined, the Curves Coffee Table anchors a space through proportion rather than presence. It is a piece designed for gathering, conversation, and moments of unhurried calm.
